EUROPEAN CANCER RESEARCH Summit
May 3, 2021 | PORTO, PORTUGAL

PROGRAM (CET)

Please note that in this version of the program, the time is set as CET (Central European Time).

09:30-10:00 - REGISTRATION

10:00-10:30 - WELCOME AND OPENING SESSION/REMARKS
Rui Henrique, Chairman of the Board, Portuguese Oncology Institute of Porto (IPO Porto), Porto, Portugal
Julio E. Celis, Chair of the Science Policy Committee of the European Academy of Cancer Sciences (EACS) and Danish Cancer Society Research Centre, Denmark
Stella Kyriakides, European Commissioner for Health and Food Safety, European Union
Marta Temido, Minister for Health, Portugal
Mariya Gabriel, European Commissioner for Innovation, Research, Culture, Education & Youth, European Union
Manuel Heitor, Minister for Science, Technology and Higher Education, Portugal

10:30-10:50 - KEYNOTE SPEECHES

> Route To The Cancer Mission: A Shared View Of The Cancer Community On How To Succeed | Anton Berns, President of the European Academy of Cancer Sciences (EACS)
> The EU Cancer Mission | Walter Ricciardi, President, EU Cancer Mission Board, Brussels, Belgium

10:50-11:10 - COFFEE BREAK

11:10-13:10 - SESSION 1. INFRASTRUCTURE FOR TRANSLATIONAL RESEARCH
Chair: Ulrik Ringborg, Cancer Center Karolinska, Stockholm, Sweden

Presentations:
> Basic/preclinical research: Generating proof of concept clinical trials is the engine for translational cancer research | Alexander Eggermont, Princess Máxima Center for Pediatric Oncology, Utrecht, The Netherlands
> The Comprehensive Cancer Centre: An essential infrastructure component | Simon Oberst, Cancer Research UK, Cambridge Center, Cambridge, UK
> Molecular and digital pathology is essential to develop personalized/precision cancer medicine | Fátima Carneiro, University of Porto, Porto, Portugal
> Immunotherapy: An expanding treatment modality | Laurence Zitvogel, Gustave Roussy Cancer Campus, Grand Paris, France
> Liquid biopsies: Expanding diagnostic procedures for both therapeutics and prevention | Olli Kallioniemi, Science for Life Laboratory, Stockholm, Sweden
> Acquisition of clinical and biological data: Implementation of computational sciences (Artificial Intelligence) | Jan Korbé, European Molecular Biology Laboratory, Heidelberg, Germany
> EC Knowledge Centre on Cancer | Guy Van den Eede, European Commission, Brussels, Belgium
13:10-13:40 - LUNCH

13:40-15:40 - SESSION 2. INFRASTRUCTURE FOR CLINICAL AND PREVENTION TRIALS
Chair: Josep Taberner, Vall d’Hebron University Hospital and Institute of Oncology, Barcelona, Spain

Presentations:
> Quality assurance of clinical trials structures: harmonisation of technical requirements to support multinational institutional collaborations in next-generation clinical trials | Denis Lacombe, European Organisation for Research and Treatment of Cancer, Brussels, Belgium
> Molecular pathology for patient stratification in multicentre clinical trials | Paolo Nuciforo, Vall d’Hebron University Hospital and Institute of Oncology, Barcelona, Spain
> Genomics: From discovery to bench-side genomics | Emile Voest, The Netherlands Cancer Institute, Amsterdam, The Netherlands
> Modern Imaging in Oncology | Regina Beets-Tan, The Netherlands Cancer Institute, Amsterdam, The Netherlands
> Repeated biopsies (fine needle aspiration and liquid biopsies), biobanking and clinical trials registries with clinical and biological information | Benjamin Besse, Institute Gustave-Roussy, Grand Paris, France
> Development of innovative radiotherapy trials | Vincenzo Valentini, Policlinico Gemelli, Rome, Italy
> Coordination of clinical trials activities from proof-of-concept trials to practice-changing clinical trials: added value compared to present treatments | Elena Garralda, Vall d’Hebron University Hospital and Institute of Oncology, Barcelona, Spain
> New concepts and opportunities in cancer prevention clinical trials | Elisabete Weiderpass, International Agency for Research on Cancer, Lyon, France
> The Molecular Tumour Board: a critical infrastructure for delivery of Precision Medicine | Júlio Oliveira, Portuguese Oncology Institute of Porto (IPO Porto), Porto, Portugal

Debate:
> Bettina Ryll, Cancer Mission Board member, Uppsala, Sweden
> Susan Galbraith, AstraZeneca, Cambridge, UK
> Fátima Cardoso, Champalimaud Clinical Center, Lisbon, Portugal
> José Carlos Machado, Institute for Investigation and Innovation in Health (i3S), Porto, Portugal

15:40-17:40 - SESSION 3. INFRASTRUCTURE FOR OUTCOMES RESEARCH
Chair: Joachim Schüz, International Agency for Research on Cancer, Lyon, France

Presentations:
> Outcomes research Infrastructure to support the development of primary prevention | Joachim Schüz, International Agency for Research on Cancer, Lyon, France
> Outcomes research infrastructure to support the development of cancer screening | Partha Basu, International Agency for Research on Cancer, Lyon, France
17:40-17:45 - SESSION 4. OPINION ON CANCER - REPORT
Eva Kondorosi, European Commission's Group of Chief Scientific Advisors (GCSA), Brussels, Belgium

17:45-18:05 - SESSION 5. EU-USA CANCER RESEARCH COOPERATION
Chair: Michael Baumann, German Cancer Research Centre (DKFZ), Heidelberg, Germany

> Strategic development of precision cancer medicine in the US | Richard Schilsky, Past President and former Chief Medical Officer, American Society of Clinical Oncology, Alexandria, VA, USA

18:05-18:15 - PRESENTATION OF “PORTO DECLARATION ON CANCER RESEARCH”
Manuel Heitor, Minister for Science, Technology and Higher Education, Portugal

18:15-18:30 - CLOSING REMARKS
> António Sousa Pereira, Rector, University of Porto, Porto, Portugal
> Rui Henrique, Chairman of the Board, Portuguese Oncology Institute of Porto (IPO Porto), Porto, Portugal
> Julio E. Celis, Chair of the Science Policy Committee of the European Academy of Cancer Sciences (EACS) and Danish Cancer Society Research Centre, Denmark
> Simona Kustec, Minister for Education, Science and Sport, Slovenia
> Manuel Heitor, Minister for Science, Technology and Higher Education, Portugal
